Within two alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the congh subsided and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streaked with blood. She soon found relief and sent for more. She took about ten ounces of it, and got well. J. B. Clarke, Esq., editor of the Manchester Daily Mirror, made a trial of the same preparation in the case of a severe cold and was cured immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally pursuaded me to give it a name, and send it abroad to benefit the suffering. In November, 1855, I first advertised it under the name of white Pine Compound, In two years from that time there had been whole-saled in Manchester alone one hundred dollars worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reason for this; it is very soothing and healing in its nature; is warming to the stomach and pleasant withal to the taste, and is exceedingly cheap.

"As a remedy for kidney complaints the Our stock is kept constantly full, and or-ers filled with promptness. jan29 LI-T, MORRISON & CO. Tomatous; Peas, Green Coro, Cove Oysters, String Beans, Winslow's Celebrated Portland pleasant withal to the taste, and is exceedingly cheap.

"As a remedy for kidney complaints the White Pine Compound stands unrivaled. It was not originated for that purpose, but a person in using it for a cough was not only cured of the cough, but was also cured of a kidney difficulty of ten years standing. Since that accidental discovery many thousands have used it for the same complaint, and have been completely cured."

The above was written by Dr. Poland, in 1850. Since then, as in Manchester, the White Compound has taken the lead of all Cough remedies, as well as a preparation for the cure of Kidney difficulties, in every city, town, village and hamlet throughout the New England States.

The remedy is as safe and pleasant to take as it is effectual.

DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Remedy in the World for Weakness of the Back or Limbs, Strictures, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Deblity, Nervousness, Dyspepsia, Languor, Low Spirits, Connasion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those Terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens to thae Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage dcc, impossible.

YOUNG MEN especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE. Married Persons, or Young Men contemplating marriage, being aware of Physicial Weakness, Organic Debility, Deformities speedily cired.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his circle light of property.

ORGANIC WEAKNESS.

ORGANIC WEAKNESS.
Immediately cured and full vigor restored.
This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the readful consequences that may ensue. Now who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becames deranged, the Physicial and Menus Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Paintional Debility, and Wasting of the Frame Cough, Consumption, Decay and Death,

DR. JOHNSON, DR. JOHNSON,

DR. JOHNSON,

Member of the Royal College of Surgeons,
London, Graduate of one of the most eminent Colleges in the United States, and the
greater part of whose life has been spent in
the hospitals of London, Paris, Philadelphia
and elsewhere; has effected some of the most
astonishing cures that were ever known,
many troubled with ringing in the head and
ears when asleep, great nervousness, being
alarmed at endden sounds, bashrulness, with
frequent blushing, attended sometimes with
derangement of mind, were cured immediately.

TAKE PARTICULIAR NOTICE. TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indugence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dinness of Sight, Loes of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement or the Digestive Functions, General Debility Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of rideas, Depression of Spiris, Evil Forebodings, Aversion to Society, Seli-Distrist, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

YOUNG MEN

Who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and, if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating YOUNG MEN

before contemplating MARRIAGE, reflect that a sound mind and body are the

most necessary requisites to promote comminial happiness. Indeed, without these the journey through life becomes a weary pigrimage; the prospect hourly darkens to the view, the mind becomes shadowed with device. view, the mind becomes shadowed with spair and filled with the melancholy re-tion that the happiness of another beco-blighted with our own. DISEASES OF IMPRIDENCE

DISEASES OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those, who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horridisease make their appearance, such as ulcorated sore throat, dieased nose, nocturnational symptoms of this horridisease make their appearance, such as ulcorated sore throat, dieased nose, nocturnational symptoms of this horridisease make their appearance, such as ulcorated sore throat, dieased nose, nocturnational stated sore throat, dieased nose and arms, blotches on the head, face and extremitites, progressing with frightful rapidity, till at last the paiate of the mouth or the bones of the nose fall in, and the victim of this awill disease becomes a horrid object; commisseration, till death puts a period to his dreadth sufferings, by sending him to "that undiscovered Country from whence no traveller returns."
